## DETAILED ACTION

### *Election/Restrictions*

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-120, drawn to automatically tuning a television channel based on viewing history, classified in class 725, subclass 38.
- II. Claims 121-162, drawn to automatically tuning a digital music channel based on listening history, classified in class 381, subclass 81.

The inventions are distinct, each from the other because of the following reasons:

Inventions I. and II. are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I. has separate utility such as used in a television recorder/playback apparatus. In the instant case, invention II. has separate utility such as used in a MP3 player. See MPEP § 806.05(d).

Because these inventions are distinct for the reasons given above and the search required for Group I. is not required for Group II., restriction for examination purposes as indicated is proper.

A telephone call was made to Margaret Pierri, who subsequently transferred the examiner to Ray Chang (not an attorney of record) on 9/1/04 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason J. Chung whose telephone number is (703) 305-7362. The examiner can normally be reached on M-F, 7:30AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chris Grant can be reached on (703) 305-4755. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
